

Parking Policy

To avoid traffic congestion coming into and out of our parking lot, we are asking all parents to use the entrance at the church (the north entrance) to enter our parking lot and drive around to park along our building or in a parking space to drop off your child/children and you can exit out of our (south exit) parking lot. We are trying to avoid all u-turns being made in the parking lot.

Please sign below stating that I am aware of this policy.

Thank you.
